## The Approach

### What was the scope of their involvement?

LogiKom - Software House provided our billing system and other digital modules we use daily.

### What was the team composition?

We work with one of their CEOs and a project manager.

### What is the status of this engagement?

We started working with them in January 2020, and the engagement is ongoing.

## The Outcome

### What evidence can you share that demonstrates the impact of the engagement?

The system is meeting all of our needs. Also, they respond immediately whenever we need to make any updates or changes, so we are happy with their work.

### How did LogiKom perform from a project management standpoint?

They have been great in project management. We communicate mostly using WhatsApp.

### What did you find most impressive about them?

They have a great response time and flexibility to adapt to our needs.

### Are there any areas they could improve?

I don't think there's anything they can improve on.

Do you have any advice for potential customers?

Share your requirements with them, and they will find the best way to adapt to your needs.
